STEPS OF THE MJ TLC COLLECTION SPA EXPERIENCE:

- 1.** First, take a moment to spray the MJ TLC Oral Sprays. Think about the convenience and benefits of how they have helped you and your busy lifestyle. Remember why you take the sprays as opposed to taking vitamins and swallowing pills. Make sure you spray the "B" Revitalized, "Be Happy", Daily Essential, Immune+ C and Ageless Skin as a bare minimum. Three sprays -three times per day of each individual spray.
- 2.** Next, wash your face with the MJ TLC Honey and Almond Scrub, Massage gently and rinse. Then wash your face with the MJ TLC All Type Skin Cleanser.
- 3.** Wash your body with the MJ TLC Sugar Sweet Body Wash and the MJ TLC Sugar Sweet Body Scrub or for a Detoxifying Treatment and body contouring, use the MJ TLC Shiro Doro Detoxifying Treatment and the MJ TLC Cellufirm Contouring Serum on thighs and double chin, or where ever desired to lessen the appearance of fat, lines and cellulite. Massage gently and rinse. What have you got to LOSE?
- 4.** Please apply the MJ TLC Hylauronic Repare Concentrate -especially on your face where there are lines and wrinkles and also on your hair, hands and neck. Know the value of the MJ TLC Hylauronic Acid- that it is 200 times wetter than water. Details are on the MJ TLC website and on other information sheets. Follow the directions on the bottles and jars of the MJ TLC Anti- Aging Skin Care kit. Apply the MJ TLC Vitamin C Serum gently on your face in a circular motion.
- 5.** Apply the MJ TLC Hylauronic Lotion gently in a circular motion all over your neck, face, hair and hands.
- 6.** Also apply the MJ TLC Biobotanical Concentrate and then the MJ TLC Facial Firming Complex with a gentle massage all over your neck, face, hair and hands. Spray the MJ TLC Ageless Skin Spray when you apply this.
- 7.** Then apply the MJ TLC Rejuvenating Creme and massage gently all over your neck, face, hair and hands.
- 8.** Massage the back of your neck (or have someone else do it!) and apply the MJ TLC Sugar Sweet Body Creme, MJ TLC Avocado Lotion, or the new MJ TLC Circulation & Joint Body Oil with cypress and juniper on your body that has been previously washed and scrubbed. You will feel the wonderful difference that the Spa Treatment Products of the MJ TLC Spa Collection have made. Massage it in and smile with relaxation. The final Stage of your MJ TLC Spa Collection Experience is to Deep Breathe, Stretch and apply the new Vital Essences of the new MJ TLC Essential Oils - "Crave-eze", "Emotions", Jasmine Perfume, "Love" and "Rose Oil Perfume" on the temples of your face, wrists, back of the ears, bottom of feet, etc. Deep breathe, smile and massage the entire body to increase circulation to the heart (with emphasis on the left side of the body). Fully explore the value of the essential oils with the literature we have about the MJ TLC products. Understand the value of the 40% discount available to you on the wholesale and retail price list.
